

INFRAPAK WRAP-N-WEIGH

Combining Wrapping and Weighing into one operation for even greater efficiency.

All INFRAPAK platform stretch wrapper models are available in the WRAP-N-WEIGH configuration. This alternative feature combines wrapping and weighing into one operation by integrating a precision scale and digital controls with either high or low profile turntables. Combining the two functions into one brings greater economy and efficiency to any wrapping operation requiring weighing.

INFRAPAK WRAP-N-WEIGH
